

72nd
**ANNUAL
REPORT**

1964

City of
RUTLAND, VERMONT

THE PLEDGE TO THE FLAG

*I pledge allegiance to the Flag
of the United States of America
and to the Republic for which it
stands, one nation, under God,
indivisible, with liberty and justice
for all.*

Foreword

Each year a concise yet comprehensive accounting of the City's business and activities is published for you—the stockholders in the City of Rutland. This report is for your use. Give it the same careful consideration and study you would give to your own business.

Original approved bills supporting expenditures are on file in the City Clerk's Office and cancelled checks on file in the office of the City Treasurer. Any interested citizen is welcome at any time to call at the City Hall and examine vouchers and cancelled checks.

The youth of Rutland in particular are urged to read this book and to study city government, for on the shoulders of today's youth rests the well-being of the Rutland of tomorrow.

The Administration desires to express appreciation for co-operation given it and again to urge citizens to attend the bi-monthly Council Meetings.

Senior members of the Rutland Municipal Band are pictured above (left to right): Louis Provost, Glenn Morse, Richard Dagg, Frank DePasquale, Wendall Tilden, Director Napoleon Ianni, Alfeo Barbagallo, Carleton Wilson, (President of the Band), Robert Schill, Raymond Hughes, Don Boucher, James Deering, Charles Larsen and Warren Hilliard.

Rutland City Band at World's Fair

Dedication

It is a great deal of pleasure for me, on behalf of our Board of Aldermen and the Citizens of Rutland, to dedicate this 72nd annual report of our City to the Rutland City Band.

This loyal group of Rutlanders have entertained in our City Park for many, many years. Their devotion to the field of music has given untold hours of pleasure to both young and old. Our congratulations to them, and we look forward to many more years of fine entertainment.

MAYOR JOHN J. DALEY

RUTLAND MUNICIPAL BAND

1879 -

It was a wonderful year; and all 86 of them have been too!

Certainly the dedication of the City's Annual Report to the Municipal Band is our highlight of the year. The honor is greatly appreciated and will be cherished by our members.

As the Band, the country's oldest, plays on year after year its members' interest never wanes. Pictured in these pages is a photo of the bandsmen who for many years have been the nucleus. Rounding out the sections of brass, reed, and percussion each season have been younger members from college or our local high schools. We look forward to maintaining this harmonious "mix" of musicianship in future concerts.

There is a trio in our City Band deserving of special mention. Carleton Wilson, one of our strongest supporters, has been our president for more than a quarter of a century. The Band's director, Napoleon Ianni continues to inspire us with his musicianship and with his contribution to this community's musical enjoyment through leadership of our Band and his work with young musicians. Raymond Hughes is our manager and his job is always well done.

We are already looking ahead to the 1965 season and to playing for you from the Bandstand on North Main Street at our Wednesday and Sunday night concerts.

BOB SCHILL

Excerpts From History

(*Taken From History of Rutland, Courtesy Rutland Herald*)

Rutland is a crossroads community of nearly 20 thousand about in the center of a wedge-shaped section of land known as Vermont. The Indians used it as their hunting ground. Champlain first claimed the region for France when he sailed south in July 1609 on the lake that bears his name.

Rutland as a named community dates from September 7, 1761 when Benning Wentworth, Royal Governor of New Hampshire, signed its charter in the name of King George III.

The town by 1774 had a population of 35 families which included Zebulon Meade, brother of James. Captain John Smith was elected first town clerk.

The earliest sidewalks were wooden planks laid on trestles well above the mud. There may have been stepping stones to help the fastidious dry shod over the worst spots but not until the quarries were open in West Rutland would the marble slabs replace the wooden planks which the new selectmen warned, "No person shall drive or ride a horse or other beast upon except to cross; penalty 50 cents."

In 1840, the decade before the railroads came, the census reported a population of 2,708. In the town were 16 schools and 963 scholars. There were 475 horses, 2,518 cattle, 28,332 sheep, 1,017 swine. Wheat production was 3,708 bushels, barley 8, oats 15,722, rye 2,199, buckwheat 915, Indian corn 19,347, potatoes 48,193 bushels, hay 10,025 tons, sugar 51,833 pounds and wool 69,902 pounds.

The era of franchise rivalries for railroads began in earnest in 1845. In quick succession charters were granted to run a railroad from Rutland to Bennington; then from Rutland to Whitehall and later from Rutland to Burlington. Enthusiastic farmers, mechanics, business and professional men subscribed \$130,000 in stock to finance the road from Rutland to Bellows Falls. Business as one man expressed it, "began to slide down the hill" as more and more store owners saw the value of a location near the tracks.

The Bank of Rutland (now the Community House) was the town's first bank.

Rutland is said to have the oldest municipally supported band. It was first sponsored by the new city in 1879 and has been in continuous existence ever since. Many members have given long and loyal service to the band. The late J. C. Cox is a notable example. He joined in 1899 as a young man, played until 1928 when he was elected director, and directed until 1950 when he was past 80. The present manager and treasurer Raymond Hughes, has been with the band since 1910, and the director, Napoleon Ianni, has been with the band more than 45 years.

Dates To Be Remembered

1964

- July 1 **Fiscal year begins**, period July 1, 1964 to June 30, 1965.
- July 15 **Last day for setting of tax rate** by the City Council for fiscal year beginning July 1, 1964 and ending June 30, 1965.
- Aug. 16 **Period for payment of first quarter** installment on Real and Personal Property Taxes, period July 1, 1964 to June 30, 1965. After August 31, delinquents will be subject to 5% penalty.
- Nov. 1 **Second quarterly payment due** on Real and Personal Property Taxes, period July 1, 1964 to June 30, 1965. After November 15, delinquents will be subject to 5% penalty.
- Nov. 20 **Period for payment of water taxes and sewage treatment tax**, one year in advance from September 20, 1964.

1965

- Feb. 1 **Period of payment for third quarter** assessment due on Real and Personal Property Taxes, period February 1, 1964 to June 30, 1965. After February 15, delinquents will be subject to 5% penalty.
- Feb. 27 **Last day for additions and corrections** to check lists for election on March 2. Certificates for nomination should be filed with the City Clerk not more than twenty-eight nor less than twenty-one days before the day of election.
- Mar. 2 **Annual March Election.**
- April 1 **Last day for licensing dogs** without a penalty of 50%.
- April 1 **Canvassing of polls** to be completed.
- April 20 **Last day for filing** of personal property lists with the Board of Assessors.
- May 1 **Period for payment of fourth quarter** assessment due on Real and Personal Property for year July 1, 1964 to June 30, 1965. After May 15, delinquents will be subject to a 5% penalty.
- June 1 **Poll Tax and Old Age Assistance Tax** due for period to 20 July 1, 1964 to June 30, 1965.
- June 1 **Last day for Mayor to submit annual budget** to the Board of Aldermen.
- June 20 **Last day for payment of poll and old age assistance tax** without penalty.
- June 30 **Last day for action** by the Board of Aldermen on the Mayor's annual budget.

Mayor's Message

To the Citizens of Rutland:

Another year has passed and again it is my duty and pleasure to report to you, the citizens of Rutland, the status of our city for the period July 1, 1963 to June 30th, 1964.

Despite several setbacks, Rutland has continued its forward progress with a rise in population; increased industrial activity;

continued excellent schools and the ability to attract top quality in teaching. Bond issues turned down by the voters included: \$25,000 for the repair of Fire Station I; \$25,000 for constructing, repairing and resurfacing permanent sidewalks; \$30,000 for constructing, repairing and resurfacing permanent streets; \$30,000 for constructing, extending, or altering the sewer system, \$18,000 of which would have been set aside for storm sewers so vital to continued proper operation of our new Sewage Treatment Plant; \$146,000 for an addition to the Dana School. To say the least this is not a direct sign of progress but I feel the voters did not vote as much against progress as they did expressing a desire to ease the property tax burden.

Since other sections of this annual report cover the various departments, I will not dwell on them in any great detail. With the feeling of the voters in mind however, this office has worked closely with all departments in an effort to keep our municipal operating costs within sound and sensible bounds. Of course, the cost of maintenance, supplies and salaries continues to rise as proportionately shown with our tax rate for this fiscal period.

Our Recreation Department, now situated in the Lawrence Recreation Center, is functioning efficiently at this time with programs for all age groups, including our growing Senior Citizen Group. Distribution of toys by this department to needy families at Christmas time is widely applauded. Our system of assessing properties is continually under study from the local level and much new interest has been evidenced on the state level with a view toward equalization and modernization.

During this year I have personally spent a great deal of time and effort in our continued quest for new industry. This office has worked with the Vermont Development Commission, the local Chamber of Commerce and many interested citizens in our search for firms to settle in Rutland. It is a slow process but we have been rewarded several times in the past with its results.

Our new Sewage Disposal Plant ended a year of successful operation. While this plant does not include all of the city, plans are well under way for the rest of the tie-in.

The program of training in the Police and Fire Departments is functioning quite well. The Annual Fire Department Training School was held again this year for a one week period.

A micro-film machine was installed in the City Clerk's office for the purpose of microfilming land records and vital statistics. This system has far-reaching advantages and City Clerk Battles is to be congratulated for looking to the future as concerns our city records.

In closing this report I would like to express my appreciation to our loyal city officials and employees for the fine cooperation received this year. Rutland has a bright future and with the help of all our citizens we face the challenge with firm determination to make it a city where our children will make happy homes and stay permanently in the Green Mountains.

JOHN J. DALEY,
Mayor.

BUDGET 1964-1965
LETTER OF TRANSMITTAL

June 25, 1964

*Honorable Board of Aldermen,
 City of Rutland, Vermont*

In accordance with the requirements of Section 95 of the City Charter, I submit the following estimates of the various departments for the fiscal year—July 1, 1964 to June 30, 1965.

I would ask you to keep in mind that the total amount of the budget will be reduced by the amount of surplus we end this year with.

During the past year all departments have endeavored to keep their requests to a minimum and certainly deserve your praise and mine for doing so.

As you know the cost of operating our City continues to rise but in spite of this we continue to strive for economy without sacrificing efficiency and quality.

Respectfully yours,

JOHN J. DALEY,
Mayor.

Rutland's three G.E. Plants (top to bottom): West Street; 210 Columbian Avenue, and Manning property, Columbian Avenue.

GENERAL ELECTRIC

IN RUTLAND, VERMONT

On April 8, 1957, the General Electric Company completed final arrangements to purchase the properties located at 210 Columbian Avenue in Rutland and the first General Electric employee was hired in Rutland. Originally the management of the Rutland Plant was a part of the Aircraft Accessory Turbine Department, but the Small Aircraft Engine Department took over management of the plant in January, 1959, for the manufacture of aircraft gas turbine blades and vanes.

With the advent of new mass production techniques such as a "Pinch and Roll" process, developed by Small Aircraft Engine Department engineers, the Rutland Plant soon became a leading producer of blades and vanes and began to gain a larger and larger share of the available business.

By 1963, the Rutland Plant had become known as one of the free world's lowest cost producers of blades and vanes and had a total employment of approximately 750 people. Increased production schedules required additional working space and late in 1963 the company made a lease arrangement for an additional building on West Street in Rutland. This building helped alleviate a crowded situation in the Columbian Avenue Plant.

The blades and vanes produced in these two plants are used in the compressors of jet engines. The compressor is located on the front part of the engine and consists of a series of fanlike stages containing several hundred blades and vanes which compress air and force it through ducts to the combustion chamber. Present day aircraft powered by General Electric Engines which use blades and vanes manufactured in the Rutland plants include the United States Air Force F-104 Starfighter, B-58 Hustler, and B-70 Valkyrie; the Navy's F4H Phantom II, A3J Vigilante, and HSS-2 Sikorsky Helicopter. In commercial aircraft the Convair 880 Jetliner and the Vertol 107 Jet Helicopter use General Electric jet engines.

In 1964 the employment level in the two Rutland plants reached 900. Even more working space was required and another lease arrangement was negotiated for the Manning property on Columbian Avenue. This property has been made ready for manufacturing operations and a work force will be in place in early 1965.

The steady growth in employment and the stability of this employment have been a result of several important factors. Among them much credit must be given to the community of Rutland for its co-operation as well as to the hard working, talented, and versatile Vermont employees who have earned an excellent reputation for the Rutland Plants of Small Aircraft Engine Department throughout the free world.

FINANCE COMMITTEE,

Albert F. Davis
 Robert S. Franzoni
 Charles A. Shortle

ANNUAL REPORT**Schools***To the Honorable City Council and the Citizens of Rutland:*

We are pleased to present the School Report for the fiscal year ending June 30, 1964. It consists of two parts,—the following narrative statement about the work of the schools, and financial and statistical reports found near the end of this booklet. Taken together, they form the complete School Report. We shall do our best, within the limitations of space and the requirements of the Law, to present a complete, though concise report of the Rutland Public Schools during the past year.

HEALTH EDUCATION AND SERVICES

In the field of School Health and Safety, our children and young people have had the benefit of:

The services of three School Nurses.

The services of a Dental Hygienist.

School Lunch Programs.

The special Federally-aided School Milk Program.

School Safety Patrols.

Policewomen at hazardous intersections (provided by the City Council and the Police Department).

Oral Polio Vaccine Clinics, and Diphtheria-Tetanus Inoculation Clinics, in all schools.

Four Kindergarten Clinics sponsored by the respective P.T.A.'s.

It would be difficult to overestimate the importance of these health services to the school success of our boys and girls.

In our health work we gratefully acknowledge the assistance of the City Health Officer, Dr. Charles D. Beale; Dr. Arthur D. Wolk; Dr. William A. O'Rourke, Jr.; Dr. William W. Brislin; Dr. William J. Powers; Dr. J. Carleton Stickney; Dr. Joseph L. Dauphinais; Dr. Thomas A. Keenan; The Vermont Department of Health, Division of Communicable Disease Control; The Vermont Association for the Blind; The Rutland Lions Club; The City Welfare Department; The Vermont Department of Social Welfare; The Vermont Association for the Crippled, Inc.; The Vermont Catholic Charities; all of our local Parent Teacher Associations; and particularly The Community Child Care Association, Inc.

INSTRUCTION AND RELATED SERVICES

In the elementary schools this seems to have been an "off" year,—with the chief emphasis on continuing and improving programs already under way. The newer methods and programs in the teaching of Arithmetic are being put into actual practice,—with principal emphasis being given in the primary grades. It is planned to continue this until all elementary grades are using the modern approach to Arithmetic. Standard achievement tests administered during the year continue to show that Rutland children score well above national norms in all areas tested.

In cooperation with the State, forty-nine Rutland children received the benefits of Special Education during the past year, as follows:

- 29 at the Havenwood School for Retarded Children.
- 10 received Homebound instruction through tutors.
- 6 at the Vermont Association for the Crippled.
- 2 at a school for the deaf.
- 1 at a school for the blind.
- 1 at Caverly Preventorium.

The total cost was \$45,078.46,—of which Rutland City paid \$15,611.69 at its share.

Our Art instructors have made Art a creative experience. They have developed skills, according to age and grade, through the care of and use of a wide variety of Art materials. An appreciation of Art has been instilled through an awareness of beauty in Vermont landscapes, and the world around; and appreciation of man-made objects; and by means of many audio-visual aids. School and community Art projects have been too numerous to mention here. From among the contests in which our students have participated, it should be noted that in the National Federation of Women's Clubs Art Award Contest sponsored by the Vermont Federation of Women's Clubs, all first three prizes for the State were won by R.H.S. seniors.

The aims and objectives of Music Instruction in the Public Schools have included the development of good musical taste through the performance of music of high quality both in serious and popular areas; and the development of a lasting enjoyment of music. To the thirty-five pupils studying instruments at the beginning of the year were added thirty-nine beginners,—making a total of seventy-four instrumentalists in two elementary school bands at the end of the year. The Vocal Music program has been improved this year through added textbooks in the lower grades, the replacement of several old record players, and through two new pianos at the Lincoln and Northwest schools. The Stoolfire Fund has made it possible to start a library of music books in

Junior High School "Birdhouse Contest" which received nation-wide attention through the Associated Press Wire Photo Service.

Senior High School class at work in the Technical Electronics Laboratory.

each building, and also to increase our record libraries,—and thus has greatly enriched our Music program.

In Physical Education, an increase in the total number of classes with resulting fewer visits to each classroom by our Supervisor, general results have not been as favorable as they might have been. However, through the purchase of new physical education equipment and hard work, there has been definite improvement in the children's physical fitness,—particularly in grades five and six, as revealed by physical fitness tests. Our intramural athletic program was expanded to include football, basketball, and softball. 316 boys participated,—a very satisfactory number in relationship to the total number of boys eligible. In most cases a very noticeable improvement could be seen in a boy's skill, knowledge of the sport and its rules, and sportsmanship. A very definite handicap in the over-all physical education program is the fact that two of our elementary schools still lack multipurpose rooms.

At the Junior High School, the following items are of interest this year:

Modern Mathematics has been included in the curriculum of four-sevenths of all seventh and eighth grade pupils. A mobile electronic language laboratory has been added, and is in use in all French classes.

A successful attempt to hold potential dropouts has kept eight pupils in school by radically adjusting their program of classes.

School-home telephone experiments, for homebound children, have been highly successful. One academically qualified girl has done an excellent piece of work, and will return to her class. A boy has responded far better than he did in school, and has been promoted.

The following Senior High School "briefs" will be of interest:

A fifth year of Mathematics, consisting of a semester of Analytic Geometry followed by a semester of Elementary Functions, was offered for the first time, with nine seniors successfully completing both semesters.

As planned, a new course in Technical Drafting was taught for the first time, with nine students completing it successfully.

An additional full-time teacher of Shop-Related Mathematics and Science was added to the Staff. This made it possible for the Director to give full time to administration and supervision of the Trade and Technical Department, and provided instructional time for teaching Technical Drafting and the fifth year of Mathematics.

The following are clear indications of the excellent work done in our Senior High School:

Rutland students won first place in the State in French II, French III, and French IV on examinations sponsored by the National Association of Teachers of French. Rutland Students won the first three prizes in the State in the Art Contest sponsored by the American Federation of Women's Clubs.

Four Rutland Seniors were Finalists in the National Merit Scholarship program, and four others were awarded Letters of Commendation.

A Rutland Senior was selected as a Presidential Scholar,—one of two from Vermont and 121 from the Nation.

Another Rutland Senior was one of two boys from Vermont selected for the Hearst Senatorial Program in Washington, in which 100 seniors (two from each state) took part. Selection was based on citizenship, leadership, character and academic achievement.

Two Rutland graduates of the Class of 1960 won Woodrow Wilson Fellowships; and a number were graduated from their respective colleges Cum Laude, Magna Cum Laude, and Summa Cum Laude.

Thirty-two Sophomores of the 95 who participated in the National Educational Development Testing program scored in the top 10% on a national basis; and seven scored in the top 1%.

A Rutland Junior was elected Governor of Boys' State; and he and a second R.H.S. Junior were selected as the two Vermont delegates to Boys' Nation. A Rutland Junior was elected Lieutenant Governor of Girls' State and other R.H.S. boys and girls won significant honors at both Boys' and Girls' States.

The Library now has 6,563 volumes,—a net gain of 380 volumes over last year. Total circulation for this year was up almost 5%.

In the field of Guidance the following will be of interest:

Referrals for counseling made by teachers, and requests for counseling from parents and students, have increased greatly at the ninth grade level. This activity indicates clearly the growing need for counseling services. The increase of student initiated counseling interviews is a significant 65% over last year; and the number of parents visiting with counselors has increased over 30% during the same period.

For the third consecutive year we have had truly outstanding programs in Adult Education. Three distinct programs, during

this year, have carried the benefits of Adult Education to almost a thousand people. The Evening Trade and Technical School, in its 17th year, offered (at no local expense) a great variety of courses—40 in all—to over 500 adults. 27 of these courses were taught at the High School, 11 at the local General Electric Plant, 1 at the Central Fire Station, and 1 at Rutland Hospital. In its third year, our general Adult Education Program offered 21 different adult courses to 452 persons. Most of these courses met two evenings a week for two sessions of ten weeks each. The Senior High School Homemaking Department offered three different courses to 39 different adult women. Rutland City can truly be proud of this type of service to the community,—in technical, vocational, and cultural fields.

An event of great importance occurred in March, 1964, when IBM Data Processing equipment was installed at the Central Office. As soon as the three basic financial operations were under way (payroll, accounts payable and budget control) other "applications" were developed, including an Inventory of Textbooks, an Inventory of furniture and equipment in all schools, and High School scheduling. The equipment now has been made available to the City Treasurer's Office, with the result that payrolls for all City departments are now done at the school Central Office. Many other "applications" will be developed; and the future effect on the School System will be far-reaching.

BIG REPAIR JOBS IN 1963-1964

By Our Own Maintenance Department:

- 1) Seven Surplus Stand-by Generators installed in seven school buildings.
- 2) A storage Addition to the Park Street School built.
- 3) A public address system (outgrown by the High School) installed at the Lincoln School.
- 4) Boys and girls toilet and lavatory units installed on the second floor of the Lincoln School.

Through Contracted Services:

- 1) The area in front of the Lincoln Avenue entrance of the Lincoln School black topped.
- 2) A portion of the playground at the Northwest School black topped.
- 3) Ceilings in the second floor corridor, and teachers' room, at the Lincoln School replaced.
- 4) Ceilings in the boys' Locker Room and corridors, at the High School, replaced.
- 5) A partition in the Drafting Room of the High School Shop built.
- 6) The short fire escape at the rear of the Longfellow School replaced.

CONDITIONS OF THE SCHOOLS

The condition of all our school buildings is very good, due to the continued interest of, and annual inspection by, the members of the Building Committee of the School Board, and the excellent work of our Maintenance Department.

NEEDS OF THE SCHOOLS

The following are some of the more important needs of our schools:

All Schools

A school physician to complete physical examinations in certain grades every year so that during their school years each child would have received at least three complete examinations; and one who would be on call for advice and treatment in emergency cases.

Clear-cut objectives for the next 10 to 15 years, which would result from a Comprehensive Survey,—to include school building needs, and an administrative analysis.

A continuous, yearlong program of public information about the accomplishments and needs of the schools. This is by far our outstanding "need" for 1964-65.

Elementary Schools

An Addition to the Dana School, to include a multipurpose room and a modern kitchen.

Modernization of the old part of the Lincoln School, including work counters in the classrooms.

Movable book "wagons" and a generous supply of new books to supplement regular classroom libraries,—particularly in the upper grades.

Additional playground space for the Longfellow and Park Street schools.

Junior High School

Two additional classrooms.

A movable partition to divide the Old Gymnasium.

Folding or movable partitions to make classrooms of various sizes.

Greater Library facilities to seat at least 10% of enrolled pupils, to meet State minimum standards.

An additional English teacher to meet State minimum standards.

An additional Guidance Counselor.

Senior High School

Additional Science Laboratory space, including a greenhouse for Biology.

A larger Library to meet suggested minimum standards for Vermont Secondary Schools.

Additional and more flexible classroom space.

Both Secondary Schools

A Municipal Athletic Field; to relieve pressure on our present play field. It is simply impossible to keep this small field in proper condition for both Athletics and our Physical Education program.

SCHOOL BUDGET

Our Budget has been adopted by the School Board as provided for in our City Charter. However, according to Law, we are "presenting" the Budget elsewhere in this Report.

A study of the new Budget, as compared with last year's, will show that the over-all increase is due chiefly to the following: Salary increases for teachers and other school personnel. Additional teachers and other personnel required.

Several major building repairs:

(High School, Lincoln, Northeast, Park Street.)

A comprehensive Survey of our School System.

IBM rental of equipment and supplies.

Havenwood School; oil burner, and fire safety improvements.

FOR OUTSTANDING SERVICE we would honor two of our instructional personnel who retired in June:

Mrs. Helen B. Rondina (1950-1964) Reading Consultant for the elementary schools.

Miss Helen J. Perry (1923-1964) Instructor in Arts and Crafts in the elementary schools.

In closing we wish to thank our teachers sincerely for their professional skill and devotion to duty, and the citizens of Rutland for their continued support. We believe that we all can take justifiable pride in our schools.

Respectfully submitted,

DONALD A. PERKINS, President,
Board of School Commissioners.

HOMER B. ASHLAND,
Superintendent of Schools.

Rutland Free Library

Rutland, Vermont
January 19, 1965

To the Honorable City Council and Citizens of Rutland:

It is a pleasure to submit for your consideration the annual reports of the librarian and treasurer of the Rutland Free Library Association, Inc.

Under the capable supervision of our new director, Mr. Charles Maurer, and with the fine cooperation of our staff, the library has continued to progress in service to the community.

The citizens of Rutland are particularly indebted to Mr. Edwin Lawrence for his generous gift of \$30,000 towards construction of a new addition to the library. Mr. Lawrence's gift will be supplemented as necessary with funds from the library's reserve, and the Federal Government.

During the past year the Trustees have received the utmost cooperation and consideration from the Library staff, Mayor John J. Daley, the Honorable Board of Aldermen, and the Citizens of Rutland. This support is sincerely appreciated.

Respectfully submitted,

MARTIN FREEMAN, *President*
Rutland Free Library Association, Inc.

Report Of The Librarian

For the Year Ending June 30, 1964

To the Honorable City Council and Citizens of Rutland:

It is a pleasure to present my first annual report as Director of the Rutland Free Library. My arrival in Rutland, on October first, was at a very busy time of the Library's year which afforded me the opportunity both of observing and participating immediately in a full program. During a year which proved to be eventful, two very important events, among many others, took place.

The year's nadir, without a doubt, was the tragic assassination of President Kennedy, certainly a severe shock to everyone and not soon forgotten.

Outstanding as a high point in the Library's year was the announcement of Mr. Edwin W. Lawrence's large gift towards the long needed building expansion. Mr. Lawrence's generosity, already demonstrated on prior occasions and directed towards Rutland Free Library on this one, will be a key to a new reading room for adults, to more than doubling the facilities of the children's room, to doubling the present stack facilities, and to increasing needed office space. Besides this, additional basement space will provide for expansion needs of a longer term. A good utilization of the outdoor area adjacent to the expansion will result in its aesthetic appeal, as well.

The Director, noting the progress of a bill in Congress which would provide funds for library construction projects, called to the attention of the Trustees and discussed with officials of the Vermont Free Public Library Commission the possibility of this kind of financial assistance for Rutland. Following passage of the bill the Library Board of Trustees met with these officials, and the present prospects for Rutland's receiving this money appear excellent.

Book Collection

Two leading resources upon which good library service depends heavily are the library's staff and its books. As far as its books are concerned, a new librarian's first impression is to note that Rutland Free Library has a good collection. Books which are currently popular and works which get consulted over a period of many years combine to make such a collection. Some fiction, much non-fiction, and the reference collection as a whole are in this second group. The Director, as a selector of books for adults and young people, with suggestions from staff and patrons welcomed, is constantly working for a well rounded, balanced

collection. Since the library's reference collection is a main aspect of this, as the heart of a good book collection, we made efforts during the past year to give emphasis to the reference collection as follows.

New encyclopedias added to the library included The Encyclopedia International and Encyclopedia of Mental Health in addition to new editions of Britannica and Columbia. Among other reference titles we added to the Library were The Gateways to the Great Books Series, Illustrated History of the Olympics, Encyclopedia of Associations, the four volume Educational Directory, Dictionary of American History, and the National Geographic World Atlas. A new edition of Funk and Wagnalls unabridged dictionary and several literary reference works were added, as were latest editions of other reference titles.

Children's Department and Library Staff

As far as library staff is concerned; a new librarian can see that Rutland has a dedicated and conscientious group of people working for it. Mrs. Barbara Douglas, as Children's Librarian, continues to maintain the high standards characteristic of her department. The Children's Film Program, whose theme this year was "From Sea to Shining Sea," and the summer program of films and of Story Hours conducted by Mrs. Elizabeth Taylor enhance the offerings of the Children's Department.

Miss Mary Isbell, cataloger and reference librarian, continues to make the card catalog more usable for everyone by updating, revising, and making helpful additions to it as well as answering reference questions asked by patrons. Mrs. Frances Carroll, who handles the interlibrary loan procedures along with many clerical duties, assumed responsibility for administrative phases of the library during a half year interim between directors. In addition to this Mrs. Carroll again attended a three week library summer session at the University of New Hampshire.

Mrs. Carolyn Sharp, who replaced Miss Judith Haynes in August, and Miss Vivian Hewitt are responsible for numerous clerical duties such as new book processing and card filing in addition to their work at the circulation desk. Miss Irene Francis and Miss Josephine Rosmus continued their efficient work in the areas of bookkeeping and library financial matters. The summer assistance of Lindell Abbott in the adult department and of John Hamilton in the Children's Department have been important, as has the work of the pages, who shelve returned materials and keep them in order.

Mrs. R. Gale Spaulding, who continues doing an excellent job of repairing worn books, conducted a mending workshop in cooperation with the Vermont Free Public Library Commission. Mrs. Kathleen Bump retired during the past winter following many years of service in this department.

Faithful both in years of service and performance of his custodial duties is George Myers, who suffered very serious head injuries in a fall during the year but later recovered to return to his work.

Circulation

Circulation of library materials, including books, pamphlets, magazines, records, and films, rose again and continues at the high level of nine per capita. Relatively few libraries throughout the country in cities of this size or larger can claim a per capita statistic of nine circulations.

Redecorating was done in the downstairs meeting room and in the book mending room, where a new desk, tables, chairs, and shelving also replaced worn equipment. New bookcases for displaying the current fiction and non-fiction were added this year, with labor for their construction donated by the Rutland High School. Numerous gift books and pictures of old Rutland were added to the Library by its friends, and a cash gift was received from Friends in Council. The Rutland Daily Herald and radio stations WHWB and WSYB gave helpful publicity to library activities. A feature of National Library Week was a display of incunabula and other materials relating to the history of books and publishing. This and other displays were arranged throughout the year by Mrs. George Jackson.

The Library, in cooperation with the American Nurses' Foundation, is maintaining a collection of new titles for the nursing seminar being held in the Rutland area and extending through 1965.

During the year the Director talked about library activities and future plans to a number of community organizations. He was chosen in addition to serve on the Vermont Library Association Committee on Use of Federal Funds which met to discuss best uses of these forthcoming funds, and on the New England Library Association's Regional Planning Committee.

I want to close this report of a busy year with sincere thanks to the members of the Library Board of Trustees and to the members of the staff who have given me, a newcomer to Rutland, useful advice and suggestions. With a library situation which is healthy and with an expanded physical plant now assured, Rutland residents can anticipate good library service as a part of the city's future.

Respectfully submitted,

CHARLES D. MAURER, JR.
Director of the Rutland Free Library.

Sewage Disposal Plant

To the Mayor and City Council,
Rutland, Vermont:

Gentlemen:

It is a pleasure to report to you on the operation of the Sewage Disposal Plant.

In the first full year of operation over one billion gallons of sewage was processed. The gas production was over four million cubic feet. This gas is burned in our furnace to heat the sludge in the digester tanks. A total of 221 cubic feet of grit was removed from the sewage, this does not take into consideration the great amount of cans, bottles, brick and stones that were removed from our pumps.

There is a great need for storm sewers in our City so as to separate the storm water from our sewerage. With the conditions now in the City it is a constant wear on our equipment.

Anyone is welcome to visit our plant at any time and we would be more than pleased to explain to them the operation of the plant.

Respectfully submitted,

JOHN R. CARRIGAN,
Superintendent.

October 1, 1964

To the Honorable Mayor and City Council,
Rutland, Vermont

The Rutland Urban Renewal Agency has, during the past fiscal year, been faced with several obstacles but, we are pleased to report that each problem has been resolved.

The New City Charter, Housing Code and Subdivision Regulations adopted by the City Council made our community eligible for recertification of Rutland's Workable Program. Without this recertification of the Workable Program, the Urban Renewal Plan for Rutland could not have been continued.

The updating of all existing codes and ordinances was another requirement to the continuance of the Urban Renewal Plan. Credit is due the Codes and Ordinance Committee and the City Council.

The Urban Renewal Plan was approved by the Rutland Planning Commission and the Urban Renewal Administrator approved Part I of the Plan in March, 1964.

It was the decision of the Urban Renewal Agency to wait until the shopping center question had been decided on the September 8th ballot before putting the Urban Renewal Plan before the people. All legal details have been accomplished and

the Urban Renewal plan will be voted upon at the November 3rd General Election.

We wish to express our gratitude to the Aldermanic Committee on Urban Renewal, Craigie Perkins, Harold Nichols and Arthur Crowley, Sr. for their study of the Plan and for their valuable suggestions.

We wish also to extend our appreciation to his honor, the Mayor, and the City Council for the many meetings, both regular and special held for the study of the Urban Renewal Plan for Rutland.

Submitted by,

DANIEL W. ALLEN, *Director
Rutland Urban Renewal Agency.*

Urban Renewal Agency:

Jack Crowley, *Chairman*

Charles Clarino, *Vice Chairman*

Earl Wright, *Treasurer*

Peter Goshgarian, *Commissioner*

Richard Terenzini, *Commissioner*

Earle Bishop, *Counsel*

Public Works Department

*To the Mayor and City Council:
Rutland, Vermont.*

Gentlemen:

I hereby submit the annual report for the year 1963-1964.

Street Department

This department, operating with reduced personnel, functioned with their usual efficiency. A great many streets were reshaped, graded and a tack coat of tar or asphalt applied. A total of 133,515 gallons was used.

We constructed 522 feet of curbs and 1497 square feet of sidewalks. Other sidewalks and curbs were repaired; holes were patched and a great many small jobs completed.

Guardrails throughout the city were repaired or replaced and repainted; old street signs were replaced with new Scotchlite signs.

Our new addition to the garage was completed with the moving in of the blacksmith shop and the final pouring of cement for the floor of this shop.

During the year 94 elm trees, which were affected by Dutch Elm disease, were removed.

Equipment purchased during the year included: one air conditioner, one pavement breaker, two dump trucks, one 750 gallon tank for our water wagon.

Sanitation and Waste Removal (Sewers)

Main extensions were made on the following streets:

Durham Drive.....	280 ft.—8"	tile
Haywood Avenue.....	450 ft.—8"	"
Jackson Heights.....	160 ft.—6"	"
Newport Drive.....	750 ft.—8"	"
Robinwood Lane.....	525 ft.—8"	"
Ronaldo Court,	710 ft.—8"	"

Numerous catch basins and manholes were repaired and rebuilt and 53 new house connections were made.

One new truck was purchased.

Sanitation and Waste Removal (General)

This department has charge of the care and maintenance of the city dump, which was taken care of in the usual efficient way. Also, the residential streets were cleaned periodically and the business section was swept and cleaned regularly.

High grass on the roadsides was mowed and the brooks within the city limits were cleaned. The election booths and ballot boxes used at the various polling places were set up and removed by this department.

Water Department

During 1963-1964 the following water mains were constructed:

Durham Drive.....	513.5 ft.	—8"	Transite Pipe
Haywood Avenue....	45.5 ft.	—8"	" "
Jackson Heights.....	183 ft.	—4"	C.I. "
Mountain View Lane.	440.5 ft.	—8"	Transite "
Newport Drive.....	1253 ft.	—8"	" "
Park Street.....	155 ft.	—1"	Copper "
Robinwood Lane.....	364 ft.	—8"	Transite "
Ronaldo Court.....	388.5 ft.	—8"	" "

Fifty new house connections were made; 32 services were relaid and 36 services repaired. Two new hydrants were installed and this department also repaired, replaced and maintained hydrants, valve boxes, curb boxes and water meters.

Reforestation

This program continued under the direction of the State Forestry Department. Selected trees have been cut and sold for pulp and guardrail posts. A large planting of new trees was set out in the spring.

Road Bond

The following streets were excavated, widened, graveled and double tack coated:

North Street Extension—from North Main Street
to Bellevue Avenue

Curtis Avenue—from 1600 feet east of Mussey
Street 800 feet easterly.

(These streets were started in 1962-1963 and completed this year.)

Winter Maintenance

A new Bombardier sidewalk plow was purchased by this department. Roads and sidewalks were plowed and sand and salt applied to them. Two hundred fifty-one tons of sand and 942 tons of salt were used.

Engineering Department

This department has charge of maps and records in the City Engineer's office and any revision of same. We were very busy with street lines, grades and surveys of city lands in Rutland and in Mendon, Vt.

This work, and all the work in every department, was under the supervision of Robert Carrara, Commissioner of Public Works, who left the employ of the City on April 1st.

At this time I wish to thank Mayor John J. Daley, the Honorable Board of Aldermen and all other city officials for their kind cooperation and helpful suggestions during the year. I also wish to thank the members of the Public Works and Water Departments for their loyal and cheerful devotion to duty.

Respectfully submitted,

HERBERT L. ERICKSON,
Acting Commissioner of Public Works.

Fire Protection

August 20, 1964

To the Honorable City Council:

Gentlemen:

I hereby submit to you the annual report of the activities of the Fire Department for the fiscal year ending June 30, 1964.

The Fire Department responded to 371 alarms as follows: Telephone 324, street box 30, automatic thermostat 11, radio 2 and verbal 4. This was 19 alarms less than the previous year. Of this number 26 were malicious false alarms. The Fire Department also responded to 89 Special Service calls of various nature, including 15 calls for the administration of oxygen. There were no major fires during the year.

The following summary of the value of property endangered by fire, the amount of insurance carried and the amount of loss is not complete as there were six fires that we were unable to get the final loss figures. We have considerable difficulty obtaining the final figures on fires that out of town adjusters settle.

	Value	Insurance Carried	Insurance Paid
Buildings.....	\$328,300.00	\$293,800.00	\$15,052.91
Contents.....	\$239,000.00	\$238,500.00	\$ 5,375.08
Totals.....	\$567,300.00	\$532,300.00	\$20,427.99

The fire loss during the year was one of the smallest in several years.

Personnel

The personnel of the Fire Department consists of a Chief Engineer, two Assistant Chief Engineers, two Captains and twenty-four regular firemen. Also eight Call Men who respond to whistle calls only.

Apparatus

The apparatus consists of:

- 1 1946 Buffalo 750 G.P.M. Triple combination truck
- 1 1948 Ford 500 G.P.M. Triple combination truck
- 1 1957 Maxim 85 foot hydraulic operated aerial ladder truck
- 1 1963 Maxim 1,000 G.P.M. Triple combination truck
- 1 1963 Maxim 750 G.P.M. Quadruple combination truck

ANNUAL REPORT

51

- 1 1943 Jeep roadster
- 1 1961 Jeep 3/4 ton pick-up truck
- 1 1960 Ford sedan
- 1 16 foot row boat and trailer
- 1 15 KW. power unit

All apparatus is in very good condition. The two new pieces of apparatus have greatly improved the efficiency of the Fire Department.

The fire alarm system is in good condition and again I would like to recommend that it be extended to include the new sections of the City.

I would also like to recommend that the Honorable City Council give considerable thought before selling the Meldon School property. This location has been recommended by the New England Fire Insurance Rating Association as an ideal location for a Central Fire Station housing all of the city's fire apparatus and plenty of room for a modern drill tower for fireman training.

There were 270 wiring permits issued during the year. There were 47 new houses erected, 1 car body shop, 1 car wash, 1 building remodeled into the Fish Pier, 1 addition to radio repair shop on Allen Street and an addition to the hospital, also 1 trailer, making a total of 52 new buildings erected during the year.

I wish to thank all of the members of the Fire Department and all other City Departments for their assistance and cooperation during the year.

Respectfully submitted,

ALFRED H. KOLTONSKI,
Chief of Fire Department.

Police Protection

September 28, 1964

To the Honorable City Council:

I hereby submit the annual report of the activities of the Rutland Police Department for the fiscal year of July 1st, 1963 to June 30, 1964.

The Department investigated 2,715 complaints filed by citizens and 277 arrests for various offenses were made during this period.

There were 506 motor vehicle accidents investigated, an increase of 15 more than the previous year. The estimated property damage as a result of these accidents amounted to \$118,745.00, showing an increase of \$10,670.00 more than the 1962-1963 fiscal year. There were also 40 more persons injured this past year for a total of 202 persons injured. There were no fatalities during this period.

There were 3,534 calls answered by the police cars.

A total of \$52,890.54 was collected from the 834 parking meters which is \$1,549.11 less than the previous year.

The Traffic Court collected \$9,966.00 in One Dollar Fines for violations of our parking ordinance. This amount is \$687.00 more than the 1962-1963 fiscal year.

The night patrolmen found 596 doors and windows of business places throughout the city open or unlocked.

The accident and arrest tables and the financial report follow:

Respectfully submitted,

JOHN L. DINN,
Chief of Police.

ANNUAL REPORT

Health Officer

September 10, 1964

To the Honorable City Council:

Gentlemen:

It is the pleasure of your Health Officer to submit, herewith, his annual report for the fiscal year beginning July 1, 1963 and ending June 30, 1964.

The Health Department is composed of a three-man Board of Health and a Health Officer.

Through this department is maintained the control of communicable diseases, inspection services for the maintaining of sanitary plumbing facilities, swimming pool and other places of public assemblage.

One thousand three hundred twenty-four contagious diseases were reported and quarantined during this period.

		Abbreviations

May.....	10	7	17	1	35
June.....	1	1	22	1	25
TOTALS.....	442	758	114	6	4	0	0	1324

Four dog bites and one cat bite were reported and investigated.

The annual free inoculations to immunize children against Diphtheria-Tetanus were done in October and December 1963. A total of 524 children received this protection. Drs. Ryan, Smith and Beale, ably assisted by Mrs. McCormack and Miss Burke, School Nurses, carried out this program.

Two oral Polio Clinics were held during the year. The week of April 20-24 Sabin Type I Polio Vaccine was given to 5,200 children and adults up to age 30. The week of June 1-5 Sabin Type III was given to 5,079 people. These clinics were held at the schools in the City. They were set up and carried out by the Vermont State Health nurses and the City school nurses with the help from several local organizations. In my opinion they were very successful. It is hoped that oral Sabin Type II Vaccine can be offered in the fall of 1964.

I wish to publicly thank, for myself and the citizens of Rutland, the Vermont State Health Department nurses, Miss Agnes McElroy, Miss Claire LeFrancois, Miss Nancy Blondo and Mrs. Veronica Williams; the Rutland School nurses, Mrs. Elizabeth McCormack, Miss Mary M. Burke and Mrs. Corinne Plumer and all those that helped make these clinics so successful.

In our opinion these are worthwhile projects. This department urges all parents who have not had their children immunized by their own physician to take advantage of these opportunities by having it done.

A total of 359 samples of water from the city's taps were sent to the Vermont State Department of Health in Burlington for analysis. 14 samples showed evidence of contamination. This department wishes to thank the water department for their excellent control work on the Water Shed and at the reservoir, especially Mr. Harry Jasmin.

Samples of water were also sent to Burlington from the swimming pool during its operation. At no time was it found necessary to close the pool due to contamination.

Over 100 nuisance complaints were investigated by the department, 10 plumbing inspections were made.

Rutland City, as do all cities, develops community health problems. A Public Health Team from your Vermont Department of Health including a bacteriologist, chemist, dentist, engineer, health educator, public health nurse, nutritionist, physician psychologist, sanitarian, social worker and statistician is available to aid your Health Officer, local doctors and other local citizens with such problems.

I have taken the liberty of adding to this report a summary of the many services offered by the Health Team through use of the State tax dollars and indicate those services rendered to Rutland last year to promote health in the community. A healthy environment for your city results when water and sewage systems, factories, schools and other public buildings and food and lodging establishments are properly constructed and operated.

Food and Lodging Places	Inspection-Consultations	585
Water, Sewage, Public Buildings	Inspection-Consultations	96
Water Samples	Inspection-Consultations	403
Food and Dairy Products	Inspection-Consultations	15

The Public Health Nurse is a member of the Health Team often seen here. She assists in organizing local health efforts. During the year she has, with assistance from people in your community, served at Well-Child and school conferences, x-ray clinics and immunization clinics, and with visits to homes, doctors and agencies, to promote and protect the health of children and adults.

The Public Health Nurse welcomes the opportunity to serve you, and can be reached by mail addressed to the Vermont Department of Health, Division of Public Health Nursing, Rutland, Vermont.

Health services available and rendered to individual residents of Rutland City through personnel operating from the State Office were:

For Health Promotion:

Nutrition Consultations.....	16
Chest x-rays in industry.....	262
Immunizing agents were made available	

Illuminating Agent For Diagnostic Aid:

Laboratory analysis on blood specimens	1,313
Laboratory analysis on other specimens	316
Pediatric hospital diagnosis	6

For Diagnosis and Treatment:

Crippled Children's Clinics—Persons served . .	86
Guidance Clinics Persons served . .	3
Hospitalization Financial assistance . .	10
Tumor Clinic—Persons served . .	28

CITY OF RUTLAND

Citizens of the City may call upon the Public Health Team for advice on methods for gaining health improvements, such as:

Hospital and nursing home inspections and consultations.....	33
Dietetic and nutrition services to groups.....	16

In closing, I would like to express my appreciation for the courtesy and co-operation that I have received from the Mayor, City Council, City Employees, the State Board of Health, the School Nurses, and the physicians and parents of the City of Rutland.

Respectfully submitted,

CHARLES D. BEALE, D.O.,
Health Officer.

Board of Health:

GORDON B. SMITH, M.D.
HARRY RYAN, JR., M.D.
ROBERT W. BEAUCHAMP, PHG.

ANNUAL REPORT**VERMONT STATE DEPARTMENT OF HEALTH
ANNUAL TOWN REPORT, 1964**

During the year we sent letters to many of the people of the City of Rutland concerning the immunization status of their children. I would like to thank them for their very fine response to this inquiry. You will be interested in learning that in Vermont 4 out of every 5 babies have been started on their shots for diphtheria, whooping-cough, tetanus and polio by 6 months of age.

This is a testament to the genuine concern which Vermonters have for the health of their children, their neighbors and their communities; something in which every Vermonter can take pride.

The following is a tabulation of some of the more important health services provided people of your town in the fiscal year 1964.

Attendance at well child clinics.....	16
Nutrition, dietary consultations to institutions, groups, individuals.....	16
Pediatric consultations for child health problems.....	5
Number of children given diagnostic service at hospitals.....	4
Number of children aided at handicapped children's clinics for speech and hearing, orthopedic, plastic, neurological, cardiac problems.....	84
Number of children financially aided with hospitalization.....	12
Number of children served by mental retardation clinics.....	7
People X-rayed for tuberculosis detection.....	150
Diphtheria, Tetanus, Whooping-Cough immunizations.....	39
Polio immunizations (Salk injection or Sabin oral) at clinics.....	9,945
Number of water samples tested (private and public supplies).....	424
Food and dairy products tested.....	3
Blood specimens (pre-marital, pre-natal and other).....	1,369
Other laboratory specimens.....	308
Sanitary inspections, consultations (food and lodging, camps).....	591
Water, sewage, disposal, public building and other inspections.....	103
People X-rayed for occupational diseases.....	376
Hospital and nursing home inspections and consultations.....	25
Dental health education, number of children served in schools.....	24
Number served by tumor clinics.....	171
Public Health Nurse home visits.....	92

Respectfully submitted,
R. B. AIKEN, M.D., M.P.H.
Commissioner of Health.

Milk Inspector

September 10, 1964

To the Honorable City Council:

Gentlemen:

The following is your Milk Inspector's Report for the fiscal year beginning July 1, 1963 and ending June 30, 1964.

Three hundred and one dollars (\$301.00) was collected in license fees as of June 30, 1964 and the money turned over to the City Treasurer whose receipts I hold for that amount.

This represents city restaurants, cafes, and pharmacies (38), groceries (48), bakeries (2), milk peddlers (4), and creameries (5). A total of 97 licenses. 88 at \$2.00—4 at \$5.00—1 at \$50.00—1 at \$25.00—3 at \$10.00. Total \$301.00.

All creameries were inspected and approved.

Reports of the laboratory analysis of milk samples taken from the creameries and submitted to the Board of Aldermen, were accepted and published in The Rutland Herald.

I wish to thank the producers, plant operators and owners, also the State Inspector, Mr. Donald George, for their cooperation during the past year.

Respectfully submitted,

CHARLES D. BEALE, D.O.,
Milk Inspector.

Meat Inspector

October 15, 1964

To the Honorable City Council:

Gentlemen:

The past year, I have found no violations to the City Meat Ordinance in my periodic inspections. They have cooperated in keeping within bounds of the City law in cleanliness and buying.

I have inspected 61 head of cattle and 42 calves.

Fees amounting to \$82.00 have been collected and given to the City Treasurer.

Respectfully submitted,

H. HUGH QUIMBY, D.V.M.,
Meat Inspector.

Director of Welfare

See Page 100 for Financial Summaries

August 19, 1964

*To the Honorable City Council and
Citizens of Rutland, Vermont:*

The Rutland Welfare Department was faced once more in the 1963-64 fiscal year with the ever rising costs of caring for the needy. Vermont's unemployment rolls for the early months of 1964 were among the highest in the nation, a fact which was reflected in the number of people who were forced to call on the City for assistance in meeting their needs.

However I would like to point out that it is the seemingly irreversible upward trend in medical costs that accounts for the greatest percentage of tax dollars spent by the City Welfare Department. More and more people are unable to cope with these costs themselves. The low wage earner, with a family, is rarely able to meet the expense of a serious illness. During the past fiscal year \$16,264.00 was paid to Doctors for their services. This constitutes an increase of \$2,000.00 over the previous year. Expenditures for hospital care rose from \$44,341.00 in 1962-63 to \$65,577.00 in 1963-64, an increase of \$21,146.00.

The State of Vermont pays for hospital, nursing home and physicians' care for elderly and disabled persons who are receiving State assistance grants. These costs have also risen each year since the program went into effect. The City's share of this program, 30%, has of course increased proportionately.

The Surplus Commodity Program, under which Federal surplus food is distributed, was widely used during the past year. The food is available to families and individuals whose low income entitles them to participate in the program. Approximately 160 families in Rutland receives surplus foods monthly.

The Rutland City Farm continues to care for transients and others in need of shelter. During the past year there have been five families with children who stayed at the farm for periods from three weeks to several months because they were unable to find housing. I cannot stress strongly enough the seriousness of the shortage of housing for low income families with children.

ANNUAL REPORT

Some are living in places that are barely habitable by most standards.

It is my sincere hope that the facts and figures in this report will not be a source of dismay to citizens of Rutland but rather will make them aware that the money appropriated for welfare in the City is being spent to provide adequate food, clothing and medical care for those less fortunate who are unable to provide these things for themselves.

My sincere appreciation goes to my office staff, Miss Catherine Walsh and Mrs. John Halpin for their able assistance, to Mr. and Mrs. Richard Decker, Superintendents at the City Farm.

I also wish to thank Mayor Daley and the Board of Aldermen for their unfailing cooperation and help.

Respectfully submitted,

MRS. MARTHA DEPOY,
Director of Welfare

Building Inspector

*To the Honorable City Council,
City of Rutland, Vermont:*

Gentlemen:

I submit the following permits approved from July 1, 1963 to June 30, 1964.

		<hr/> \$1,380,520.00

Respectfully submitted,

ROY ROTELLA,
Building Inspector.

City Attorney

January 13, 1965

*To the Honorable City Council,
City of Rutland, Vermont:*

Gentlemen:

The following is the annual report for the office of City Attorney for the period July 1, 1963 to June 30, 1964.

Matters referred to this office by the Board of Aldermen have been investigated and appropriate action taken.

Some of the major items requiring the attention of the City Attorney were the following:

Opinions

Opinions have been rendered to the various departments upon request and more specifically opinions have been rendered on Federal Housing, Urban Renewal, Taxation of Railroad Property, Bonding procedures, municipal elections, bidding procedures, tax stabilization and zoning problems.

In addition miscellaneous opinions have been rendered to the Board of Aldermen in response to requests made by that Board.

Claims and Suits

Several claims have been made against the City during the period July 1, 1963 to June 30, 1964, which claims were investigated and appropriate action was taken by this office. There is presently pending litigation before the Rutland County Court in connection with the operation and maintenance of mobilhome park, collection of poll taxes and other matters in which the City has been named as a defendant.

Ordinances

During the past year negotiations were undertaken and a contract made with the Equity Publishing Company regarding the consolidation and upgrading of our local ordinances. When this project is completed it will do much to eliminate the confusion and ambiguity heretofore existing in connection with our present system of ordinances.

CITY OF RUTLAND

In concluding this report of the office of City Attorney, I would like to express my appreciation for the courtesies and cooperation extended to me by the Executive, Board of Aldermen, various Department heads and other employees of the City of Rutland. The assistance afforded me by the above named certainly is appreciated and served to facilitate the overall efficiency of this office.

Respectfully submitted,

HENRY J. BATTLES,
City Attorney.

ANNUAL REPORT*City Grand Juror*

January 9th, 1965

*To the Honorable City Council,
City of Rutland, Vermont*

Gentlemen:

I submit herewith my annual report for the fiscal year beginning July 1, 1963.

During that year I completed my first term of office, having been appointed City Grand Juror on May 26, 1963 by the Hon. John J. Daley, filling the unexpired term of Stella B. Haekel.

I was elected to the post in March of 1964, and have handled in excess of 250 criminal and motor vehicle offenses in 1963-1964, including such crimes as lewd and lascivious conduct, breaches of the peace, fraud, non-support cases, larcenies, assault and battery, violations of the Municipal Zoning ordinance, violations of the parking meter ordinance, speeding offenses and other motor vehicle infractions, such as driving while under the influence, careless and negligent driving, failure to obey stop signs and traffic signals, operating without a license, and others, too numerous to mention.

In addition, I was called upon to act as peacemaker in innumerable domestic and neighborhood quarrels and mediated troublesome matters arising between parent and child.

At this time, I wish to extend my appreciation to the Rutland City Police Department, Department of Public Safety and the Rutland County Sheriff's Department for the excellent cooperation I received in the past year. A prosecutor's case is largely prepared by the investigating police officer. If he does his job thoroughly, the chances for conviction of the offender are high. As a result of the outstanding efforts extended by the three departments listed above, only four cases were nolle prossed in 1963-1964. This is a record which we can be proud of, especially in view of the fact that the criminal and motor vehicle case load has almost doubled in the past four years.

May I express my appreciation to Mayor Daley, members of the Board of Aldermen, Chief Dinn and the officers of the Rutland City Police Department for the many courtesies they have extended to me.

Very truly,

J. FRED CARBINE, JR.,
City Grand Juror.

CITY OF RUTLAND

City Clerk

To the Honorable City Council:

The record of births, marriages and deaths filed in this office during year 1963 was as follows:

Total number of births registered in 1963	777
Total number of deaths registered in 1963	369
Total number of marriages registered in 1963	138

(See statistics below for vital statistics comparison.) (Due to the fact that vital statistics records are reported to the State for calendar years, we are unable to report for the fiscal year covered by this report.)

A total of \$18,781.58 was collected in fees and licenses and turned over to the City Treasurer. (See City Treasurer's financial report.)

Under Act 186 of the Vermont Statutes, we continue to furnish discharged service men any records or copies thereof in connection with their service claims for themselves or dependents, without charge.

In addition to the numerous duties assigned to Town and City Clerks under the Laws of the State of Vermont, this office serves as Clerk of the Board of Aldermen and as Purchasing Agent for all City Departments, and Clerk of the Board of Assessors.

I would like to express my appreciation for the loyalty and faithfulness shown by the employees of this office in the performance of their duties and to also express my thanks to His Honor the Mayor, members of the Board of Aldermen and all City Officials and employees for the cooperation received.

CITY OF RUTLAND

Constable and Tax Collector

August 15, 1964

To the Honorable City Council:

Gentlemen:

I hereby submit the following report of my activities as City Constable and Tax Collector for the fiscal year 1963-1964.

Delinquent poll taxes, real estate and personal taxes collected amount to \$79,417.33. Delinquent water rents in the amount of \$8,647.41 were also collected, making a total of \$88,064.74.

Many of the delinquent poll and old age assistance taxpayers do not seem to realize that all delinquent back poll taxes have to be paid for self and wife to obtain an operator's license to drive a car or truck, in accordance with the state law and subject to a fine when making application for a driver's license.

Able assistance and guidance on legal problems was extended to me during the year by the City Attorney.

To the Honorable Mayor, all members of the Board of Aldermen and City Officials, I wish to express my sincere appreciation for their cooperation and assistance at all times.

Respectfully submitted,

REIDE B. PAYNE,
Constable and Tax Collector.

ANNUAL REPORT

VERMONT DEPARTMENT OF SOCIAL WELFARE
Montpelier, Vermont

This twenty-eighth in the series of annual reports submitted to the people of Rutland City presents tabulations for the calendar year 1964. In the Department of Social Welfare's program of assistance to the aged, blind or disabled 30% of the costs of hospital and physician services, as well as the excess over \$80.00 per month in Nursing Home care, are assessed against the town of settlement of the recipients of such care. Participation charges incurred by your community during the past year for each of these types of care were as follows:

Nursing Home Care.....	\$12,707.30
Hospitalization Services.....	\$16,668.04
Physician Services.....	\$ 3,293.85

Under similar settlement provisions town participation in the program of Aid to Families with Dependent Children is at the rate of one-eighth the assistance grants while costs incurred for the care of Committed Children are borne equally by the local and state agencies. Charges assessed against your community for the former amounted to \$9,391.17 and for the latter \$16,532.71 for the year just closed.

During 1964 assistance was granted to 371 residents in your community under the Aid to the Aged, Blind or Disabled program. Direct money payments to these persons were financed entirely out of state-federal funds. Among the other programs financed from these same sources were Services for the Blind, Adoption Services and Medical Aid for the Aged. While no town-by-town records are compiled for these categories, their benefits were available to all qualified residents.

Respectfully submitted,

JOHN J. WACKERMAN,
Commissioner of Social Welfare.

Recreation and Parks

*To the Honorable City Council and
The Citizens of Rutland:*

Once again, it is a pleasure for me to submit to you this Annual Report for the Department of Recreation and Parks.

Total expenditures for the Department were \$52,793.52; total receipts were \$3,845.05.

ACTIVITIES

Spring and Summer

In operation again were the Department's six (6) Playgrounds. Approximate attendance for the Playgrounds was 20,000. Activities included Nature Hikes, Volleyball, Gold Rush Day, etc. The climax of the Playground season was the Annual Playground Olympic Day which took place at the Rutland High School Field. 400 took part in this program.

Winner of the Junior League Baseball program was the Giants. Approximately 85 boys composed the six (6) teams and took part in the nine (9) week season of the League.

Two (2) Adult Softball Leagues were in operation again. The Recreation League played at Meadow Street Field and the City League at White's Field. The All Star game was won by the City League. Sixteen (16) teams composed both Leagues.

Once again the Mitey Mite Baseball program, which is open for boys 8 to 10, had another successful season. The Colts won in the Northern division. The Tigers in the Southern division. 250 boys took part in this program. Games were played every day.

Free Tennis Lessons were conducted again as part of our Summer Program. Tennis interest seems to grow in this City each year and the need for more Courts is evident. Three (3) Championship divisions consisted of Senior Men's, Junior Men's, and Doubles. Matches were held at White's Playground.

The Summer Basketball League which plays its games in the evenings at White's Playground was won by the Green Wave. 90 boys took part in the program. The highlight was the selection of an All-Star team which played an All-Star team from Burlington.

Our Little League program had 12 teams participating with a little over 300 boys taking an active part in the program. The games took place at Rotary for the Northern division and was won by the Elk's team. Southern division games were played at White's and was won by B'Nai Brith.

The Swimming Pool opened up, after some major repairs, to a very successful season. Swimming lessons were held from Beginners to Instructors. The development of the Department's competitive Swimming Team continues to grow. The highlight of the season was the Annual Water Ballet which was "An Evening in Tahiti."

The Department once again provided the "Picnic Loan Service" which was taken advantage of by Civil and Paternal groups, as well as several individuals.

The weekly Wednesday night record hops were held at the Depot Parking lot, dancing under the stars, and Saturday evening dances were held at the Center in addition to the program.

Fall and Winter

Flag Football opened up our Fall and Winter programs with 10 teams composed of boys in the 5th and 6th grades, from throughout the City. Games were played at White's Field and the season was climaxed by the annual Turkey Bowl game.

The Annual Halloween Window Painting contest was held for boys and girls from grades 7 thru high school and was climaxed with the Annual Halloween Parade, which saw Bands and Floats decked out in gala Halloween costumes. Approximately 1,000 people participated in the Halloween Parade. This activity continues to be one looked forward to eagerly by everyone in the Community.

The Recreation Department is also responsible for the Senior Citizens Program, which includes many parties, picnics, and special dinners.

The Grammar School Basketball League for the 5th and 6th grades were held on Saturday mornings during the winter. Junior and high school boys were held in the afternoon. This program was very well attended.

Santa Claus letters were again mailed out to almost 1,000 children in the City. The Recreation Department again collected toys and distributed them at Christmas to about 150 children and 50 families in need.

The Department operated 3 City Skating Rinks which were open 7 days and 7 nights. The Rinks were:

Rotary
White's
Meadow

The highlight of the skating season was the 4th annual speed skating championship held at Meadow Street Playground.

Square Dance Program again proved to be a very popular activity. It started in September and ran thru May. Prominent callers from all over New England and the Middle Atlantic States

conducted the dances. A workshop was also held in accordance with this program. Also offered were Square Dance Lessons.

Dog Obedience classes were held Wednesday evening at Rotary. Classes being conducted for beginners as well as advanced dogs.

Chess classes were also held during the winter here at the Center.

With the Recreation Center an expansion of programs was started in the winter months and the Women's Physical Fitness program was held both in the morning and evening; sessions included Volley Ball, Calisthenics, Basketball, Posture and Figure, etc.

The German Language Conversation Class was offered as were Bridge Lessons, Art Classes, Flower Arrangement Classes, Adult Badminton, Chess Classes and Chess Tournaments, Volley Ball League, Girls' Physical Fitness, Do It Yourself Club for Girls; (this club teaches the girls simple sewing, cooking handcraft, table setting, etc.)

Adult Basketball League in its fourth (4th) year, games were played at the Recreation Center. The league consisted of twelve (12) teams and has increased compared with previous years' programs.

Fifth and sixth grade Basketball League was held at the Center this year after school.

Also conducted for the first time this year was a Christmas Holiday program for the City youngsters including those home from college. Consisting of:

- Basketball Tournament
- Ping Pong Tournament
- Pool Tournament
- Foul Set Shooting Contest

The Center brought about the development of the Health Room which was used every day and evening to work-out.

The Teen Room opened, which includes Ping Pong and Pool tables for the teenage set. This room is also open during the dances held at the Center.

The Mid-Vermont Artists became affiliated with the Recreation Department and numerous shows were held at the Center.

Also a full fledge Golf Program began.

The Ski Town operated this year at the Country Club. Also conducted this year were ski lessons on Saturday mornings at the Country Club in co-operation with the Killington Ski Club. On Thursday afternoons, the tow ran for our Women's Ski program.

The Recreation Department also ran a Bowling Program for women.

The Recreation Center Gym was used on an informal basis to play basketball, handball, volley ball, etc.

The fiscal year continued to show some improvements in our Department:

New Benches in Park (made by Staff of Recreation Dept.)
Major Repairs at Pool

SUMMARY

Physical needs of the Recreation Department still include:

- New and Larger Swimming Pool
- Additional Tennis Courts
- New Truck
- New Lawn Mower

The Superintendent would like to express his appreciation to the Mayor and the members of the Board of Aldermen as well as the Citizens of the City of Rutland for their co-operation and encouragement. I would like again to thank publicly the members of my small staff and Mr. Edwin W. Lawrence for his continuing gifts to the Center such as painting the building and purchasing chairs; also Mr. Wilbur Bradder for paint for two (2) rooms; the Women's Club for furniture for the center and also a Coffee Pot; the Rotary Club for the donation of Playground Equipment; The Garden Club for the flower planting program both here at the Center and at Madison Street.

Respectfully submitted,

JOHN W. CIOFFREDI, *Superintendent,
Recreation and Parks Department.*

Airport Commission

To the Honorable City Council
of the City of Rutland, Vermont:

The 1963-1964 fiscal year has been a relatively quiet one so far as the administration of the municipal airport has been concerned. There has been no new construction nor any major changes undertaken. The hangar and the station and office building have been repainted and currently the airline station area is being redecorated and refurnished.

The city's appropriation for the fiscal year was \$24,500, of which \$4,267.05 remained as the unexpended balance at the year's end.

Mohawk Airlines continued to provide scheduled commercial flight service to New York from and to Rutland with intermediate stops at Glens Falls and Albany. Through Albany service to Boston and the west is also available.

The Rutland Airport also accommodates a very considerable amount of private business and pleasure air travel. This use of our airport facilities is of great importance to the business and economic life and well being of the entire Rutland area.

Following is the record of USE of the scheduled airline facilities for the past five years:

	Fiscal Years Ended June 30				
	1964	1963	1962	1961	1960
Passengers					
Enplaned.....	1,128	993	1,052	1,025	1,574

To the Honorable City Council,
Rutland, Vermont

I hereby submit a report of the activities involving the Civil Defense Department for the year ending June 30, 1964.

As of last February first we have a new and completely renovated office, located on the second floor of the City Hall Building. This is a most suitable location for our type of service.

There are at present 23 licensed Public Fallout Shelters throughout the City and 18 have been stocked with food, water, sanitation kits, medical supplies and radar instruments.

Five classes for Survival Training with approximately 800 citizens enrolled were conducted and 2 Medical Self Help classes were attended by approximately 400 people.

Training schools for Auxiliary Police and Auxiliary Firemen were sponsored also.

Fifteen copies of the Civil Defense Operations Plan were written up in book form and furnished to City Officials and Civil Defense Personnel. Two copies were given to the State Civil Defense Office, two to Region 1, one to the Mayor, one to the Board of Aldermen and one to the Civil Defense Staff.

We have incorporated a Citizens Band Radio comprising 16 operators. There is one key station in each of the 11 Sectors. Also, one two-way radio has been installed at Mt. St. Joseph's Academy, at each entrance to the City, the Fire Station, the Police Station, the Rutland Hospital and Civil Defense Headquarters at the Rutland Library.

An appropriation of \$9,985.00 was budgeted for Civil Defense Operations. Communications and Utilities were in the amount of \$240.43. Other expenses were: Supplies and Materials—\$197.95, Printing—\$39.87, Transportation and Equipment—\$229.52, and Payroll—\$3,938.08, making a total expenditure of \$4,645.85. A balance of \$5,340.85 remains.

Without the cooperation of my staff members, these Civil Defense activities could not have been accomplished.

I wish to thank his honor, the Mayor, the City Council, and all the City Officials for their assistance and cooperation.

Respectfully submitted,

BUTLER L. WARD, *Director*,
Rutland City Civil Defense Dept.

Pension Board

To the Honorable City Council:

Gentlemen:

The net cost of the City Pension Plan for the fiscal year ending June 30, 1964 was \$17,258.15. The amount of \$12,396.12 was paid to pensioners and \$4,862.03 to the Connecticut General Life Insurance Company.

Since the start of the plan January 1, 1938, eighty-five have been retired of whom thirty-seven are deceased.

As of June 30, 1964, there are ninety-three contributing members.

The budget requirements for the fiscal year beginning July 1, 1964 will amount to \$38,000.00.

Changes in the plan, effective January 1, 1965 were approved.

Respectfully submitted for the Committee,

FRANCIS L. ROBILLARD,
Chairman.

Assessors' Office

January 8, 1965

To the Honorable City Council:

Gentlemen:

The following report from the Assessors' Office is respectfully submitted.

During the past year, there was a decrease in the amount of taxable Personal Property, due to the closing of several stores in the City, together with the loss of one major industry. There was a slight gain made in the amount of taxable Real Estate.

There were only two instances where Taxpayers appealed their assessment by the Assessors to the Board of Civil Authority, and both of these assessments were upheld by the Board of Civil Authority and are pending a decision by the County Board of Appeals at this writing.

Veterans' property exemptions have now risen to an equivalent of \$800,000.00 worth of Real Estate.

I would like to suggest that some thought be given to the printing of an Appraisal book, similar to the Quadrennial Appraisal book, in the very near future.

In closing, I would like to express the appreciation of the Board of Assessors to the Mayor, Members of the City Council, all Department heads, and to the Taxpayers, for their courtesy and cooperation with our office.

Respectfully submitted,

ROBERT W. FOX, *Chairman*

Board of Zoning Adjustment

*To the Honorable City Council,
Rutland, Vermont.*

I hereby submit a report of the activities of the Board of Zoning adjustment for the year 1963-64.

During the year we lost a long time and very able member of the Board in the death of Emmett J. Fagan. In January 1964 Dr. Malcolm J. MacDonald was appointed to fill the unexpired term.

We have held better than two meetings a month, to be exact 29—besides various investigations that have been made by the Board as a whole or by members of the Board.

We have been consulted many times regarding different pieces of property, both land and buildings, before they have been purchased as to the legality of their use.

Our meetings have involved trailers, mobile homes and their locations; small shops in the home under home occupations; alterations in some of the older homes making them into apartments suitable to the areas in which they are located; requests for nursery and kindergarten schools for small children and some times some of the neighborhood troubles.

We are very grateful to Roy Rotella, Building Inspector and Zoning Administrator for the assistance he has given at all times.

In closing we wish to express our appreciation and thanks for the courtesy and cooperation we have received from the Honorable Mayor, the City Attorney, members of the Board of Aldermen and the other City officials.

Respectfully submitted,

MARY V. QUIGLEY,
Secretary.

CITY OF RUTLAND*Library Treasurer*

July 11, 1964

Honorable John J. Daley
 Mayor of Rutland
 Rutland, Vermont

Dear John:

I am happy to enclose to you the financial report of the Rutland Free Library Association, Inc. covering the period from July 1, 1963 to June 30, 1964.

May I take this opportunity to express to you and to the members of the Library Committee as well as the Board of Aldermen as a whole my sincere appreciation of the cooperation of all of you in helping our Library Association give increasing service to the people of Rutland.

Sincerely,

E. P. SHAW,
Treasurer.

encl.

Six month period January 1st to June 30th, 1951.

City Treasurer

August 12, 1965

To the Honorable City Council,
Rutland, Vermont.

Gentlemen:

I present herewith the 1965 annual financial report setting forth the financial position of the City of Rutland at the close of the fiscal year ended June 30, 1965.

All debt service requirements of the City were met promptly during the year. Serial bonds totaling \$256,000 were retired. Payments of \$12,688.15 were also made on the direct reduction loans of the Parking Meter Fund. Combined interest payments on the bonded debt amounted to \$64,811.75 of which interest amounting to \$23,522.00 was paid on outstanding school construction bonds.

GENERAL FUND: This fund is financed by revenues from general property and poll taxes, licenses, permits, fines, revenues from other agencies, charges for current services, and other miscellaneous revenues.

During the fiscal year ended June 30, 1965, revenues actually received were \$50,583.80 more than budget estimates, and expenditures were \$87,657.43 less than budgeted appropriations.

The Budgetary system has been an important factor in the City ending another year with a sizeable surplus because of a control of appropriations and expenditures.

SCHOOL FUND: During the fiscal year ended June 30, 1965 revenues actually received exceeded budget estimates in the amount of \$76,015.95 and expenditures were \$19,755.12 less than budgeted appropriations. As at June 30, there was an unappropriated surplus in the amount of \$95,780.96.

The combined balance sheet presented as Exhibit A is intended to present an overall view of the financial position of the City as at June 30, 1965.

Summary statement of cash receipts and disbursements presented as Schedule 1, summarizes the activity of the various funds during the fiscal year ended June 30, 1965.

Respectfully submitted,

W. J. SIMONDS,
City Treasurer.

CITY OF RUTLAND

City Treasurer

September 24, 1964

To the Honorable City Council,
Rutland, Vermont.

Gentlemen:

I present herewith the 1964 annual financial report setting forth the financial position of the City of Rutland at the close of the fiscal year ended June 30, 1964.

All debt service requirements of the City were met promptly during the year. Serial bonds totaling \$250,000 were retired. Payments of \$18,596.48 were also made on the direct reduction loans of the Parking Meter Fund. Combined interest payments on the bonded debt amounted to \$70,321.75 of which interest amounting to \$25,677.00 was paid on outstanding school construction bonds.

GENERAL FUND: This fund is financed by revenues from general property and poll taxes, licenses, permits, fines, revenues from other agencies, charges for current services, and other miscellaneous revenues.

During the fiscal year ended June 30, 1964, revenues actually received were \$24,660.53 more than budget estimates, and expenditures were \$73,408.78 less than budgeted appropriations.

The Budgetary Accounting system has been an important factor in the City ending another year with a sizeable surplus because of a control of appropriations and expenditures.

SCHOOL FUND: During the fiscal year ended June 30, 1964 revenues actually received exceeded budget estimates in the amount of \$36,479.55 and expenditures were \$31,605.68 less than budgeted appropriations. As at June 30, there was an unappropriated surplus in the amount of \$68,761.76.

The combined balance sheet presented as Exhibit A is intended to present an overall view of the financial position of the City as at June 30, 1964.

Summary statement of cash receipts and disbursements presented as Schedule 1, summarizes the activity of the various funds during the fiscal year ended June 30, 1964.

Respectfully submitted,

W. J. SIMONDS,
City Treasurer.

Auditors' Report

CITY AUDITORS' OPINION AND REPORT

January 4, 1965

*To the Honorable City Council,
City of Rutland, Vermont.*

Gentlemen:

Your Auditors have made an examination of the accounts and financial records of the Treasurer and other offices of the City of Rutland, Vermont for the period July 1, 1963 to June 30, 1964.

This examination was made in accordance with generally accepted auditing standards and accordingly includes such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion the financial records of the Treasurer fairly reflect the financial condition of the City of Rutland, Vermont as of June 30, 1964 and the result of operation for the fiscal year.

Respectfully submitted,

/s/ Francis E. Sanborn
FRANCIS E. SANBORN

/s/ James L. Raleigh
JAMES L. RALEIGH

/s/ Warren Goodrich
WARREN GOODRICH

Auditors.
